December 2004 - The Hamilton-Wentworth District School Board

(HWDSB) last February allowed the implementation of indoctrinational programs that may include anti-homophobia curriculum, and acceptance of other lifestyles, practices and beliefs that are unhealthy and unsafe physically, emotionally and spiritually to our children, through its new Equity Policy Guidelines.

- **What does this mean?** Students from K-12 will be taught not only that all races are equal, which is correct, but that all lifestyles are equal, too. This includes anti-homophobia curriculum. They have redefined the terms to include all behaviours, all lifestyles, and all who consider themselves to be of a non-dominant group or having suffered discrimination.
- **Terms**, like equity, culture, and ethnicity now include all social groups and individuals who define themselves socially and/or psychologically, or as some type of culture or non-dominant individual or group, (verses historical background, ancestry, language, religion, common values, practices and beliefs). They have also changed the meanings of bias, discrimination, and curriculum.
- **Authority:** The HWFAC maintains that parents, taxpayers, and the laws of this province dictate what curriculum and values our children learn in public schools - school boards implement them! It is internationally understood that parents have a priori right to determine their children's education.
- **Terms:** Change the meanings and now your views are considered 'biased.' If 'cultures' have no boundaries and 'minorities' include 'sexual minorities', then you are likely guilty of intolerance, discrimination, stereotyping, and homophobia and your children must learn differently.
- **Fallacies:** The gay activists have already convinced many of several falsehoods (they call 'LGBT realities'). HWDSB has drafted its Equity Policy to reflect the Equity Policies in the Toronto and Peel Boards, and includes mandatory training and resources for all trustees and employee groups, likely from ETFO/LGBT resources, and will likely expand to anti-homophobia curriculum. See for yourself the HWDSB Equity Definitions (http://www.hamiltonfamilyaction.org/Education/ETFO/Equity_Glossary_Nov04_comparison.pdf).
- **Research** how the LGBT (incl. lesbian, gay, bisexual, transgendered, tri-spirited, transsexual, and several other 'orientations') define the issues of sexual activity, sexually-based 'alternative families,' innate, prevalence, culture, tolerance, human rights, safety, natural and healthy, gender identity, and the law. (www.hamiltonfamilyaction.org has several related websites.)
- **Consider contacting the HWDSB** regarding the above, at The Hamilton Wentworth District School Board: (905) 527-5092, fax (905) 521-2536.
